

A modern university  
**IN THE HEART OF THE GREEN**  
part of Europe

The University of Warmia and Mazury in Olsztyn (UWM) is one of the largest and most comprehensive public universities in north-eastern Poland. Its campus, covering approximately 230 hectares, is uniquely located on the shores of two lakes. The larger of the two, Lake Kortowskie, covering nearly 90 hectares, forms the natural hub of student life in Kortowo.

Join over **16,000 students** learning from **1,762 dedicated academic staff** across 17 vibrant faculties. Here, your potential meets opportunity: collaborate on projects, explore research clubs, gain hands-on experience in classes and internships, and build meaningful connections that last beyond graduation.

## REASONS TO STUDY AT UWM

### INTERNATIONAL ENVIRONMENT

UWM stands at the forefront of European innovation as co-founder and deputy leader of the **ChallengeEU alliance**, joining the elite network of Europe's top universities since 2025.

Together with eight partner institutions from Germany, France, Sweden, Portugal, Spain, Latvia, North Macedonia, and Switzerland, UWM drives bold initiatives shaping a better future for up to 25 million Europeans.

### WIDE RANGE OF STUDY PROGRAMMES

UWM offers more than 70 study programmes delivered by numerous faculties, including:

- medical and health sciences
- social sciences and humanities
- law and administration
- engineering, technology and computer science
- natural sciences and agricultural sciences
- arts and culture

Thanks to this diversity, students can develop their interests in many areas and acquire interdisciplinary competencies.

Kortowo is situated on the shore of Lake Kortowskie and offers exceptional conditions for studying, student life and recreation.

### OLSZTYN

#### KORTOWO

## KORTOWO CAMPUS – A UNIQUE PLACE TO STUDY

The University's greatest asset is the **Kortowo campus** – one of the most beautiful academic campuses in Poland and Europe.

- campus area: **230 hectares**
- surrounded by lakes and green areas
- dormitories, faculties, library and sports facilities located in one place

## EDUCATION, CULTURE AND STUDENT LIFE

Studying at UWM is more than attending classes. The University offers numerous opportunities for development beyond the lecture hall:

- student organizations and scientific clubs
- cultural and artistic events
- modern sports facilities
- numerous student initiatives

One of the most famous events is **Kortowiada** – one of the largest student festivals in Poland, attracting tens of thousands of participants every year.

## A UNIVERSITY WITH TRADITION AND A FUTURE

Although the University of Warmia and Mazury was established in 1999, its academic traditions date back to the **1950s** and the activity of earlier higher education institutions in Olsztyn.

### GREEN UNIVERSITY

Today UWM continues to develop in line with the idea of a **Green University**, promoting sustainable development, modern technologies and environmental responsibility.
