

The Council of Scientific Excellence

Warsaw, 1st October 2025

Prof. Martin Kramer

Dear Professor,

On the occasion of awarding the honorable title of Doctor Honoris Causa from the University of Warmia and Mazury in Olsztyn, I extend my heartfelt congratulations to Mr. Professor.

The awarding of such a prestigious distinction is undoubtedly evidence of the recognition and respect that the Polish scientific community gives to Mr. Professor for your creative and outstanding contribution to the development of veterinary sciences, particularly in the field of small and domestic animal surgery and modern imaging techniques. Professor's scientific achievements have been presented in numerous significant publications and scientific journals.

The Professor's achievements in European veterinary education and in promoting knowledge and practical skills in veterinary sciences deserve special recognition and the Professor's contributions in promoting and properly preparing scientific staff, as well as being a friend and educator of many generations of young scientists, are worthy of praise. It is worth emphasizing the initiatives undertaken by the Mr. Professor as an organizer of activities of the academic community and scientific institutions.

Dear Professor, on behalf of all members of the Council for Scientific Excellence, I express my highest appreciation to Mr. Professor and I wish you good health, all prosperity and much joy and success in both professional and personal life.

Yours faithfully

President of the Council of Scientific Excellence

Prof. Bronisław Sitek
